

# FPASA FIRE COLLEGE

The Fire College is a professional training centre dedicated to assist in the reduction of life and property losses in the Southern African region. It provides training on request of FPASA members and non-members alike, and in addition provides standard training programmes to suit the broad spectrum of industrial and commercial requirements. Courses are offered at the college in Gauteng, at decentralized venues in the other provinces and some neighboring countries and on clients premises where suitable facilities exist.

A variety of workplace fire safety, fire engineering and fire-fighting courses are available which include:

- ▲ Fire-fighting & Evacuation
- ▲ Fire Appliance Reconditioning
- ▲ SAQCC Competency Assessment
- ▲ Breathing Apparatus (donning and starting-up and operators)
- ▲ Fire Prevention & Safety Strategies

- ▲ Advanced Fire Prevention
- ▲ Fire Investigation
- ▲ Workplace Fire-fighting
- ▲ Flight Crew fire-fighting
- ▲ An introduction to BS 7974
- ▲ CFPA Europe Diploma's in fire prevention
- ▲ CFPA Europe Certificate in Fire Safety Engineering
- ▲ Fire Technology Seminars

The Associations training facility has been operational since 1978 and we pride ourselves on the fact that it has been a totally open training facility regardless of race or gender since that time.

When the new FPA Fire College was built in the late 1980's the needs of disabled persons were taken into consideration with the facility being wheel chair friendly.

The FPA Fire College operates from purpose-built premises at 105 Springbok Road, Bartlett, Boksburg, a site of over 2 hectares that is owned by the Association consisting of;

- ▲ An administration block accommodating the main reception area, a fire safety library, board room with fire museum/memorabilia display facilities, offices and ablutions.
- ▲ A fire college building with four lecture rooms, an auditorium, fire museum/memorabilia display area, kitchen, offices, ablutions and an outside entertainment area
- ▲ A fire house area with technical workshops and indoor live fire facility
- ▲ A large outdoor practical fire facility including fire installation demonstration rigs, extinguisher practical fire-ground, drill tower and a lawned area for hose drills

The FPA Fire College is an LGSETA accredited training centre.

**Accreditation Number: LG 177P.**

The Fire-fighting and Evacuation Module and Breathing Apparatus Operators and Donning and Starting-up courses have full accreditation while the majority of the remaining courses have LGSETA provisional programme approval:

Other recognition includes:

- ▲ IFE (UK) academic recognition for the fire investigation course. This course also carries educational points for IAAI Certified Fire Investigator registration
- ▲ SAQCC Fire accreditation for the Fire Appliance Reconditioning Course
- ▲ CAA accreditation for the Flight Crew training course
- ▲ Botswana Training Authority (BOTA) accreditation and approval
